## Does the Right to Be Heard Extend to African & Latino Americans?

The Right to Be heard is a quintessential element of the Due Process Clause guarantee, conferred to every American citizen by the U.S. Constitution 5<sup>th</sup> and 14<sup>th</sup> Amendments. The Right to Be heard ensures that when any American, regardless of race, gender or creed, is accused of a crime they can challenge the legality and/or veracity of those accusations. The “Machine”, alias the “Criminal Justice System”, provides mechanisms and procedural safeguards enabling Americans to meet this challenge. Such as, investigations and evidentiary hearings into fact-based claims of police/government fabrication and collusion.

I was sentenced to 28 years in federal prison, for a non-violent drug offense, without any investigation being conducted or evidentiary hearing being held, into the facts (documentary evidence) underlying my claims of police/government fabrication and collusion.

### What Happened to My Constitutional Right to Be heard?

Apparently, the solitary voice of a Black Man does not instigate enough force or concern to propel the wheels of justice. Since my voice alone is not enough to invoke My Right to Be heard, I implore for every American to invoke OUR Right to be heard. We all know the mantra:

### Injustice for One Equals Injustice for All!!!

After reviewing my Writ of Certiorari to the American People, if you believe enough factual evidence has been presented to warrant further investigation into my claims of police and government fabrication and collusion, this will no longer be solely my injustice but an injustice for All, hence “OUR INJUSTICE”, I solemnly make this humble request:

Please sign this Petition requesting for the United States Department of Justice and the New York State Attorney General’s Office to investigate OUR claims and seek the truth that shall set not only me free but countless others that have been subjected to wrongful incarceration based on fabricated evidence, corruption, collusion, prosecutorial misconduct and a pervasive Jim Crow mentality still in power today - feeding the belly of mass incarceration .

With Fortitude,

*Sonny Cochran*
